An updated investor deck prepared for the conferences will be posted on Evolution's website, www.evolutionpetroleum.com, in the "Investors" section of the site, on the "Presentations and Events" page.

About Evolution Petroleum

Evolution Petroleum Corporation is an oil and natural gas company focused on delivering a sustainable dividend yield to its shareholders through the ownership of oil and natural gas properties onshore in the United States. The Company's long-term goal is to build a diversified portfolio of oil and natural gas properties primarily through acquisition, while seeking opportunities to maintain and increase production through selective development, production enhancement, and other exploitation efforts on its properties. Our properties include our non-operated interests in the Barnett Shale in North Texas, a CO₂ enhanced oil recovery project in Louisiana's Delhi Field, a secondary recovery project in Wyoming's Hamilton Dome Field, and the recently acquired properties in the Williston Basin in North Dakota and Jonah Field in Wyoming. Additional information, including the Company's annual report on Form 10-K and its quarterly reports on Form 10-Q, is available on its website at <http://www.evolutionpetroleum.com>.
