The financial statements for the nine months ended September 30, 2002 were prepared from the books and records of the company. Management believes that all adjustments have been made to the financial statements to make a fair presentation of the financial condition of the company as of September 30, 2002. The results of the nine months are not indicative of a full year of operation for the Company.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2001 audited financial statements. The results of operations for the periods ended September 30, 2002 and 2001 are not necessarily indicative of the operating results for the full year.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following presentation of management's discussion and analysis of the Company's financial condition and results of operation should be read in conjunction with the Company's financial statements and notes contained herein for the nine months ended September 30, 2002.

GENERAL

Reality Interactive, Inc., (the "Company") was incorporated on May 24, 1994 for the purpose of developing technology-based knowledge solutions for the industrial marketplace. On April 30, 1999, the Company ceased business operations, sold substantially all of its assets and terminated all of its employees.

Since April 30, 1999, the Company has been exploring potential business opportunities to acquire or merge with. Until a suitable acquisition candidate can be found, the Company intends to comply with all SEC reporting requirements in order to maintain its status as a public company. On February 1, 2002, the Company acquired all of the issued and outstanding shares of Bright Europe Tech, Inc., and Faster Cash ATM, Inc. Due to market conditions in the United States and Eastern Europe which prevented planned capital raising, the Company rescinded the acquisitions during the fourth fiscal quarter.

RESULTS OF OPERATIONS

REVENUES - There were no revenues in the quarters ended September 30, 2002 and 2001. This resulted because of the Company's decision to cease its business operations effective April 30, 1999.

COST OF REVENUES - Cost of revenues were \$0 for both the quarters ended September 30, 2002 and 2001. This resulted because of the Company's decision to cease business operations effective April 30, 1999.

OPERATING EXPENSES - The Company's operating expenses for the quarter ended September 30, 2002 were \$6,628 compared to operating expenses of \$7,299 for the same period in 2001. Operating expenses for 2002 relate primarily to costs incurred to maintain a small administrative office in addition to the costs relating to maintaining a fully reporting status with the Securities and Exchange Commission. Operating expenses for the quarter ended September 30, 2002 relate to consulting services, significant legal costs, costs incurred to maintain a small administration office, costs and related to maintaining company and costs associated with resolving certain outstanding corporate issues.

The Company expects that it will continue to incur general and administrative expenses for the year 2002 as it continues to maintain a small administrative office, pursues opportunities for acquisition and maintains its status as a fully reporting company

with the Securities and Exchange Commission.

NET LOSS - Net loss for the quarter ended September 30, 2002 was \$6,628 compared to a net loss of \$7,299 for the quarter ended September 30, 2001. Since the business ceased business operations, it does not expect to incur additional substantial losses in 2002, except for expenses relating to the operation of a small office, pursuing opportunities for its public shell and SEC public filing requirements.

LIQUIDITY AND CAPITAL RESOURCE

The Company's cash and cash equivalents were \$5,266 as of September 30, 2002, compared to \$194 as of September 30, 2001 which was partially offset by the sale of stock and the payment of stock for certain consulting services. This increase in cash was due to the sale of the Company's common stock for cash during the quarter.

The Company has sufficient cash balances to allow it to meet its minimal operating expenditures for the current year. Therefore, the Company's ability to fund future operations is dependent on the Company's identifying a suitable acquisition candidate or receive proceeds from shareholders loans or the sale of its common stock. Without the foregoing, the Company will be unable to continue as a going concern.

ITEM 3 - Controls and Procedures.

(a) Evaluation of disclosure controls and procedures. The Company's principal executive officer and its principal financial officer, based on their evaluation of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 (c) as of a date within 90 days prior to the filing of this Quarterly Report on Form 10QSB, have concluded that the Company's disclosure controls and procedures are adequate and effective for the purposes set forth in the definition in Exchange Act rules.
