PROXY STATEMENT

This Proxy Statement is furnished to holders of common stock, \$.001 par value per share, of Natural Gas Systems, Inc., a Nevada corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2004 Annual Meeting of Stockholders to be held at 2:00 p.m., local time, at the Company's offices at 820 Gessner, Suite 1340, Houston, Texas 77024, on Wednesday, December 1, 2004, and at any postponement or adjournment thereof.

This Proxy Statement and the accompanying proxy card are first being mailed to our stockholders on or about October 28, 2004.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the attached Notice of Meeting and described in detail in this Proxy Statement, which is the election of directors and the ratification of the appointment of our independent auditors. In addition, management will report on our performance during the fiscal year ended June 30, 2004, which we refer to as fiscal 2004, and respond to questions from stockholders.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on October 18, 2004 will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof.

What are the voting rights of the holders of our common stock?

Holders of our common stock are entitled to one vote per share with respect to each of the matters to be presented at the Annual Meeting. With regard to the election of directors, the five nominees receiving the greatest number of votes cast will be elected provided a quorum is present. On each other matter to be presented, the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote will be necessary to approve the matter.

Abstentions will be counted towards the tabulation of votes cast on matters properly presented to the stockholders (except the election of directors) and will have the same effect as negative votes. Broker non-votes will not be counted as votes cast and, therefore, will have no effect on the outcome of the matters presented at the Annual Meeting.

What constitutes a quorum?

Our Bylaws provide that the presence, in person or by proxy, of the holders of a majority of outstanding shares of our common stock at our Annual Meeting shall constitute a quorum.

For the purpose of determining the presence of a quorum, proxies marked "withhold authority" or "abstain" will be counted as present. Shares represented by proxies that include broker non-votes will also be counted as shares present for purposes of establishing a quorum. On October 18, 2004, the record date, there were 23,364,600 shares of our common stock issued and outstanding and such shares are the only shares entitled to vote at the Annual Meeting.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth together with the description of the Proposals in this Proxy Statement. In summary, the Board recommends a vote FOR election of the directors named in this Proxy Statement (see Proposal I), and FOR the ratification of the appointment of Hein & Associates LLP as the Company's independent accountants (See Proposal II).

The proxy holders will vote in their discretion with respect to any other matter that properly comes before the Annual Meeting.

Proxies

If the enclosed proxy card is executed, returned in time and not revoked, the shares represented thereby will be voted at the Annual Meeting and at any postponement or adjournment thereof in accordance with the instructions indicated on the proxy and IF NO INSTRUCTIONS ARE INDICATED, PROXIES WILL BE VOTED (1) "FOR" THE PROPOSALS DESCRIBED IN THIS PROXY STATEMENT AND (2) AS TO ANY OTHER MATTERS PROPERLY BROUGHT BEFORE THE ANNUAL MEETING OR ANY POSTPONEMENT OR ADJOURNMENT THEREOF, IN THE SOLE DISCRETION OF THE PROXIES.

A stockholder who has returned a proxy card may revoke it at any time prior to its exercise at the Annual Meeting by (i) giving written notice of revocation to our Corporate Secretary, (ii) properly submitting to Natural Gas Systems a duly executed proxy bearing a later date, or (iii) appearing at the Annual Meeting and voting in person. All written notices of revocation of proxies should be addressed as follows: Natural Gas Systems, Inc., 820 Gessner, Suite 1340, Houston, Texas 77024, Attention: Sterling H. McDonald.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE NOMINEES
FOR ELECTION AS DIRECTORS.**

Meetings of the Board of Directors and Committees

Board of Directors. The property, affairs and business of Natural Gas Systems are under the general management of our Board of Directors as provided by the laws of Nevada and our Bylaws. Natural Gas Systems has standing Audit and Compensation Committees of the Board of Directors. Because all five of the Company's directors participate in the process of identifying qualified director nominees, the Board of Directors does not believe that it is necessary to have a separate Nominating Committee. The Board's director nominees for each annual meeting of stockholders are approved by a majority of the Company's independent directors. The Board does not have a written charter that governs the director nomination process.

The Board of Directors held nine meetings during fiscal year 2004. Each director attended at least 75% of the aggregate of the total meetings of the Board and the total number of meetings held by all committees of the Board on which he served during fiscal year 2004. Each Board member is expected to be present at the annual meeting. The Board did not hold an annual meeting last year.

Audit Committee. The functions of the Audit Committee include the appointment, compensation and oversight of the Company's independent auditors, reviewing the scope and results of the audit by the Company's independent auditors and reviewing the Company's procedures for monitoring internal controls. The members of the Audit Committee consist of Messrs. Stoever and DiPaolo. Our Board of Directors believes that the members of the Audit Committee are independent as defined in Rule 4200 (a)(14) of the National Association of Securities Dealers' listing standards. The Board of Directors has determined that Mr. Stoever is an independent director serving on the Audit Committee who is an audit committee financial expert as defined by the Securities and Exchange Commission's rules. The Audit Committee did not meet during fiscal year 2004. As of October 28, 2004, the Audit Committee had not yet adopted a Charter.

Compensation Committee. The Compensation Committee is authorized to review annual salaries and bonuses of our officers and has the authority to determine the recipients of options, the time or times at which options shall be granted, the exercise price of each option, and the number of shares to be issuable upon the exercise of each option under our stock option plan. The members of the Compensation Committee consist of Messrs. Cagan, Stoever and DiPaolo. The Compensation Committee did not meet during fiscal year 2004.

Nomination of Directors. The entire Board of Directors will consider Board nominees recommended by shareholders. In order for a stockholder to nominate a candidate for director, timely notice of the nomination must be given in writing to the Secretary of the Company. To be timely, such notice must be received at the principal executive offices of the Company as set forth under "Stockholder Proposals" below. Notice of a nomination must include your name, address and number of shares you own; the name, age, business address, residence address and principal occupation of the nominee; and the number of shares beneficially owned by the nominee. It must also include the information that would be required to be disclosed in the solicitation of proxies for election of directors under the federal securities laws, as well as whether the individual can understand basic financial statements and the candidate's other board memberships (if any). You must submit the nominee's consent to be elected and to serve. The Board of Directors may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the nominee. The Board of Directors will follow procedures that it deems reasonable and appropriate in the identification of candidates for election to the Board of Directors and evaluating the background and qualifications of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent Board members and by stockholders. The Board of Directors will seek candidates having experience and abilities relevant to serving as a director of the Company and who represent the best interests of stockholders as a whole and not any specific interest group or constituency. The Board of Directors will consider a candidate's qualifications and background, including, but not limited to responsibility for operating a public company or a division of a public company, oil and gas business experience, a candidate's technical background or professional qualifications and other public company boards on which the candidate is a director. The Board of Directors will also consider whether the candidate would be "independent" for purposes of the National Association of Securities Dealers' and the rules and regulations of the Securities and Exchange Commission. The Board of Directors may from time to time engage the services of a professional search firm to identify and evaluate potential nominees.

Stockholder Communications with the Board. Any stockholder can communicate with all directors or with specified directors by sending a letter to the Company's Secretary at the address set forth under "Stockholder Proposals," below. All such letters will be forwarded to the entire Board or to the directors specified by the stockholder.

Compensation of Directors

Periodically, our Board of Directors reviews the then-current director compensation policies and from time to time makes changes to such policies based on various criteria the Board deems relevant. Our independent directors are currently paid \$3,000 per fiscal quarter and are reimbursed for any direct out-of-pocket expenses incurred in connection with their duties as directors. In addition, Messrs. DiPaolo and Stoever are paid additional stipends of \$13,000 per year for serving as Chairs of the Compensation and Audit Committees, respectively. Our Board has also authorized the issuance of options to acquire up to 100,000 shares of common stock at an exercise price of \$1.00 per share, to each of Messrs. DiPaolo and Stoever, which options will vest over a two year period.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of shares of the Company's common stock (collectively, "Reporting Persons") to file reports of ownership and changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received or written representations from the Reporting Persons, the Company believes that with respect to the fiscal year ended June 30, 2004, all the Reporting Persons complied with all applicable Section 16 filing requirements, except that the initial report for Mr. Pimentel upon his election to the Board was filed late due to an administrative oversight.

Report of the Audit Committee

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act or the Exchange Act that might incorporate by reference previous or future filings, including this Proxy Statement, in whole or in part, the following report shall not be incorporated by reference into any of such filings.

The responsibilities of the Audit Committee include providing oversight to Natural Gas Systems' financial reporting process through periodic meetings with Natural Gas Systems' independent auditors and management to review accounting, auditing, internal controls, and financial reporting matters. The management of Natural Gas Systems is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on Natural Gas Systems' senior management, including senior financial management, and its independent auditors.

We have reviewed and discussed with senior management Natural Gas Systems' audited financial statements included in the fiscal year 2004 Annual Report on Form 10-KSB. Management has confirmed to us that such

financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with accounting principles generally accepted in the United States.

We have discussed with Hein & Associates LLP, our independent auditors, the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent auditors to provide us with additional information regarding the scope and results of their audit of Natural Gas Systems' financial statements with respect to (i) their responsibility under auditing standards generally accepted in the United States, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from Hein & Associates LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Hein & Associates LLP and the Company that in its professional judgment may reasonably be thought to bear on independence. Hein & Associates LLP has discussed its independence with us. Hein & Associates LLP confirmed in its letter, in its professional judgment, it is independent of Natural Gas Systems within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to Natural Gas Systems' audited financial statements included in Natural Gas Systems' fiscal year 2004 Annual Report on Form 10-KSB, we have recommended to the Board of Directors that such financial statements be included in Natural Gas Systems' Annual Report on Form 10-KSB.

It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. That is the responsibility of management and Natural Gas Systems' independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (ii) the report of Natural Gas Systems' independent auditors with respect to such financial statements.

Independent Public Accountants

On May 26, 2004, the Company dismissed Chisholm, Bierwolf & Nilson, LLC as its independent public accountants and engaged Hein & Associates LLP as its independent public accountants for the fiscal year ended June 30, 2004, as described more fully below. At that time, the Company also changed its fiscal year to end on June 30 from December 31. The reports of Chisholm, Bierwolf & Nilson, LLC on the Company's financial statements for the two most recent fiscal years ended December 31, 2003, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years ended December 31, 2003 and the subsequent interim periods through May 26, 2004, there were no disagreements between the Company and Chisholm, Bierwolf & Nilson on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Chisholm, Bierwolf & Nilson's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports. During the two most recent fiscal years ended December 31, 2003 and the subsequent interim periods through May 26, 2004, there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-B.

On May 26, 2004, the Company engaged Hein & Associates LLP to serve as its independent public accountants for the fiscal year ending June 30, 2004. During our two most recent fiscal years ended December 31, 2003 and the subsequent interim periods through May 26, 2004, the Company did not consult Hein & Associates LLP with respect to the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any

matter that was the subject of any disagreement or reportable event as set forth in Items 304(a)(1)(iv) and (v) of Regulation S-B, except that Hein & Associates performed a financial audit as of December 31, 2003 and a financial review as of March 31, 2004 for Old NGS.

Aggregate fees billed to us for professional services by Hein & Associates LLP during the fiscal year ended June 30, 2004 were as follows:

Audit Fees	\$ 11,500
Audit-Related Fees	\$ 3,780
Tax Fees	\$ 1,060
All Other Fees	-0-

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees Natural Gas Systems paid Hein & Associates LLP professional services for the audit of our consolidated financial statements included in our Form 10K-SB and the review of financial statements included in Form 10-QSBs, and for services that are normally provided by the accountants in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements; and "tax fees" are fees for tax compliance, tax advice and tax planning.

All of the audit related services and tax fees were pre-approved by the Audit Committee

The Audit Committee has considered the compatibility of the non-audit services provided by Hein & Associates LLP to Hein & Associates LLP's continued independence and has concluded that the independence of Hein & Associates LLP is not compromised by the performance of such services.

Pre-Approval of Services by External Auditor

The Audit Committee has adopted policies and procedures for the pre-approval of the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee approves all audit fees and terms for all services provided by the independent auditor, and considers whether these services are compatible with the auditor's independence. The Chairman of the Audit Committee may approve additional proposed services that arise between Committee meetings provided that the decision to approve the service is presented at the next scheduled Committee meeting. All non-audit services provided by the external auditor must be pre-approved by the Audit Committee Chairman prior to the engagement. The Chief Financial Officer provided a quarterly report of external auditor services, by category, to the Audit Committee. The Audit Committee pre-approved all audit and permitted non-audit services by Hein & Associates LLP in 2004.

PROPOSAL II

PROPOSAL TO RATIFY APPOINTMENT OF HEIN & ASSOCIATES LLP AS THE COMPANY'S ACCOUNTANTS

The Audit Committee of the Board of Directors has approved Hein & Associates LLP as the Company's independent accountants to audit its consolidated financial statements for the fiscal year ending June 30, 2005. From May 20, 2004 to June 30, 2004, Hein & Associates LLP served as the Company's independent accountants and also provided certain tax consulting and other accounting services. The Company is not required to seek stockholder approval for the appointment of its independent accountants; however, the Audit Committee and the full Board of Directors believe it to be sound corporate practice to seek such approval. If the appointment is not ratified, the Audit Committee will investigate the reasons for stockholder rejection and will re-consider the appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors recommends that the stockholders vote FOR the ratification of the appointment of Hein & Associates LLP as the Company's independent accountants.

Representatives of Hein & Associates LLP will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.
