Notes to the Financial Statements  
September 30, 2003

**NOTE 1 - INTERIM FINANCIAL STATEMENTS**

Management has elected to omit all of the disclosures for the interim financial statements ended September 30, 2003, but has made all the necessary adjustments to present a accurate financial statements for the nine months presented.

The financial statements for the nine months ended September 30, 2003 were prepared from the books and records of the company. Management believes that all adjustments have been made to the financial statements to make a fair presentation of the financial condition of the company as of September 30, 2003. The results of the nine months are not indicative of a full year of operation for the Company.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2002 audited financial statements. The results of operations for the periods ended September 30, 2003 and 2002 are not necessarily indicative of the operating results for the full year.

**ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

**GENERAL**

Reality Interactive, Inc., (the "Company") was incorporated on May 24, 1994 for the purpose of developing technology-based knowledge solutions for the industrial marketplace. On April 30, 1999, the Company ceased business operations, sold substantially all of its assets and terminated all of its employees.

Since April 30, 1999, the Company has been exploring potential business opportunities to acquire or merge with. Until a suitable acquisition candidate can be found, the Company intends to comply with all SEC reporting requirements in order to maintain its status as a public company. On February 1, 2002, the Company acquired all of the issued and outstanding shares of Bright Europe Tech, Inc., and Faster Cash ATM, Inc. Due to market conditions in the United States and Eastern Europe which prevented planned capital raising, the Company rescinded the acquisitions during the second fiscal quarter of 2002.

Liquidity and Capital Resources. The Company has minimal assets and is currently in the process of looking for business opportunities to merge with or acquire. At minimum, the Company will need to raise additional capital through private funding to meet the financial needs of being a reporting company and to meet the obligations of the current accounts payable. In the past, the company has funded its operations from the sale of its products, the sale of common stock and loans from various sources. The Company is currently searching for a business opportunity to acquire or merge with. There is no guarantee that the Company will be successful in obtaining necessary funding to develop any business opportunities.

Results of Operation. The Company reported a net loss of \$1,285 and \$6,628 for the quarters ended September 30, 2003, and September 30, 2002, respectively. The Company anticipates very little or no overhead from future operations until a successor business can be acquired or merged.

Plan of Operations. The Company is currently in the process of looking for business opportunities to acquire or merge with. In seeking a business opportunity to merge with or acquire, management is reviewing various business plans. Management has not limited their review of plans or exploration of acquisitions to any particular industry or service sector. Though there appears to be a large number of companies seeking to merge with an existing public company, the management has not yet identified a business to complete such a transaction with and the Company has not entered into any binding agreements for an acquisition or merger. There is no guarantee that management will be successful in finding such an opportunity.
